

Credits for Act 48

Principals and Technology department handle this. When we have training, you are asked to sign in and also to complete an evaluation form. These are collected by the principals who then check the forms and send them to Mrs.Kelly. During the summer the information is sent to LIU 18 who then sends it to PDE, therefore nothing for this year has been entered yet. To find sign in sheets for past in-services, you go to the school website, scroll down to departments, then technology department. On the technology page you can find the sign in sheets under Act 48 going back to 2010.
